PROXY STATEMENT FOR THE COMPANY'S
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JULY 27, 2018

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS

These questions do not, and are not intended to, address all the questions that may be important to you. You should carefully read the entire Proxy Statement as well as the documents incorporated by reference in this Proxy Statement.

Why am I receiving these proxy materials?

The proxy materials describe the proposals on which our Board of Directors would like you, as a stockholder, to vote in favor of at the Meeting. It provides you with information on these proposals so that you can make an informed decision. We intend to mail a Notice of Internet Availability of Proxy Materials (the "Notice") to all stockholders of record entitled to vote at the Meeting.

Who can vote at the Meeting?

Stockholders who owned shares of common stock of the Company, par value \$0.0001 per share (the "Common Stock"), as of the close of business on June 6, 2018 (the "Record Date"), may attend and vote at the Meeting. Each share held on the Record Date is entitled to one vote. There were 54,087,903 shares of Common Stock outstanding as of the Record Date.

What is the proxy card?

The proxy card enables you to appoint the person named therein as your representative to vote your shares at the Meeting, and to provide specific instructions as to how you wish your shares to be voted. By completing and returning the proxy card, you are authorizing this person to vote your shares at the Meeting in accordance with your instructions on the proxy card. By providing specific voting instructions for each proposal identified on the proxy card, your shares will be voted in accordance with your wishes whether or not you attend the Meeting. Even if you plan to attend the Meeting, we suggest that you complete and return your proxy card before the Meeting date just in case your plans change. If a proposal comes up for vote at the Meeting that is not on the proxy card, your appointed representative will vote your shares, under your proxy, according to their best judgment.

What matters am I voting on?

You are being asked to vote on (i) the election of five directors to the Company's Board of Directors, (ii) the amendment to our Articles of Incorporation to increase the authorized capital of the Company from seventy million (70,000,000) shares of common stock to two hundred million (200,000,000) shares of common stock, (iii) the approval of a non-binding advisory resolution supporting the compensation of our officers and (iv) the approval of a non-binding advisory vote regarding the frequency of future non-binding advisory votes relating to future named executive officer compensation.

What is the difference between holding shares as a stockholder of record and holding shares as a beneficial owner?

Most of our stockholders hold their shares in an account at a brokerage firm, bank, broker dealer or other nominee holder, rather than holding share certificates in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If on the Record Date, your shares were registered directly in your name with our transfer agent, Globex Transfer, LLC, then you are a stockholder of record who may vote at the Meeting. As the stockholder of record, you have the right to direct the voting of your shares by returning the enclosed proxy card to us or to vote in person at the Meeting. Whether or not you plan to attend the Meeting, please complete, date and sign the enclosed proxy card and provide specific voting instructions to ensure that your shares will be voted at the Meeting.

Beneficial Owner

If on the Record Date, your shares were held in an account at a brokerage firm, bank, broker-dealer or other similar organization, you are considered the beneficial owner of shares held “in street name”, and the Notice is being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Meeting. As the beneficial owner, you have the right to instruct your nominee holder on how to vote your shares and to attend the Meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the Meeting unless you receive a valid proxy from your brokerage firm, bank, broker dealer or other nominee holder. To obtain a valid proxy, you must make a special request of your brokerage firm, bank, broker dealer or other nominee holder. If you do not make this request, you can still vote by completing your proxy card and delivering the proxy card to your nominee holder; however, you will not be able to vote in person at the Meeting.

How do I vote?

A. Stockholders of record (also called registered stockholders) may vote by any of the following methods:

1. By mail: if you request or receive proxy materials by mail, you may vote by completing the proxy card with your voting instructions and returning it in the postage-paid envelope provided.

If we receive your proxy card prior to the Meeting date and you have marked your voting instructions on the proxy card, your shares will be voted:

- as you instruct, and
- as your proxy representative may determine in their discretion with respect to any other matters properly presented for a vote at the Meeting.

If you return a signed proxy card, but do not provide specific voting instructions for each proposal, your shares will be voted by your proxy representative in the manner recommended by the Chairman of the Board of Directors on all matters presented in the Proxy Statement and as the proxy representative may determine in his discretion with respect to any other matters properly presented for a vote at the Meeting.

2. By Internet: read the proxy materials and follow the instructions provided in the Notice.

3. By toll-free telephone: read the proxy materials and call the toll-free number provided for in the proxy voting instructions.

4. In person at the Meeting.

B. Beneficial Stockholders (shares held in “street name”). If your shares are held in the name of a broker, bank, broker dealer or other nominee holder of record, follow the voting instructions you receive from the holder of record to vote your shares. You must provide specific voting instructions to your broker, bank, broker dealer or other nominee holder of record in order for your shares to be voted in the proposal for election of directors.

If you are a beneficial owner of shares held in street name, you may vote by any of the following methods:

1. By Mail: If you request or receive printed copies of the proxy materials by mail, you may vote by completing the proxy card with your voting instructions and returning it to your broker, bank, broker dealer or other nominee holder of record prior to the Meeting.

2. By Internet. You may vote via the Internet by following the instructions provided in the Notice mailed to you by your nominee holder.

3. By toll-free telephone. You may vote by calling the toll-free telephone number found in the proxy voting instructions.

4. In Person. If you are a beneficial owner of shares held in street name and you wish to vote in person at the Meeting, you must obtain a valid proxy from the nominee organization that holds your shares.

Why did I receive a Notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (“SEC”), the Company has elected to provide access to its proxy materials over the Internet. Accordingly, the Company is sending such Notice to the Company’s stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Board encourages you to take advantage of the availability of the proxy materials on the Internet.

What does it mean if I receive more than one proxy card?

If your shares are registered differently or are held in more than one account, you will receive more than one proxy card. Please sign and return all proxy cards to ensure that all of your shares are voted.

May I revoke my proxy?

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. The proxy may be revoked by filing an instrument of revocation or a duly executed proxy bearing a later date with the Company’s Chief Financial Officer at our principal executive offices located at Wisma Ho Wah Genting, No. 35, Jalan Maharajalela, 50150, Kuala Lumpur, Malaysia. The proxy may also be revoked by attending the meeting and voting in person. If it is not revoked, the proxy will be voted at the meeting in accordance with the stockholder’s instructions indicated on the proxy card. **If no instructions are indicated, the proxy will be voted in accordance with the judgment of the proxy representation with respect to all matters brought before the Meeting or any adjournments thereof.**

Will my shares be voted if I do not sign and return my proxy card?

If your shares are held in street name or in your name and you do not sign and return your proxy card, your shares will not be voted unless you vote in person at the Meeting.

What is a quorum and what constitutes a quorum?

A “quorum” is the number of shares that must be present, in person or by proxy, in order for business to be conducted at the Meeting. The required quorum for the Meeting is the presence, in person or by proxy, of the holders of a majority of the shares entitled to vote as of the Record Date. As of such date, there were 54,087,903 shares issued and outstanding. Accordingly, a quorum will be present for the Meeting if an aggregate of at least 27,043,952 shares are present in person or by proxy at the Meeting.

How many votes are required to approve the nominees to the Board?

Directors are elected by a plurality of the votes cast in the election. The five nominees for director who receive the most votes will be elected. This is called a “plurality”. Any shares that are not voted, whether by abstention, broker non-votes or otherwise, will not affect the election of directors, except to the extent that the failure to vote for an individual will result in another individual receiving a larger proportion of the votes cast. If you indicate “withhold authority to vote” for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

How many votes are required to approve the amendment to our Articles of Incorporation to increase the authorized share capital?

The approval of an amendment to our Articles of Incorporation to increase the authorized share capital from 70,000,000 shares to 200,000,000 shares requires the affirmative vote by the holders of a majority of shares that are present in person or by proxy at the Meeting, so long as a quorum is established at the Meeting. If you abstain from voting, your abstention will not count as a vote cast for or against the proposal.

How many votes are required to approve the non-binding proposals to approve the advisory resolution (i) supporting the compensation of our executive officers and (ii) regarding the frequency of future non-binding advisory votes relating to future named executive officer compensation?

The approvals of both non-binding proposals require the affirmative vote by the holders of a majority of shares that are present in person or by proxy at the Meeting, so long as a quorum is established at the Meeting. If you abstain from voting, your abstention will not count as a vote cast for or against the proposal.

With respect to both of these proposals, the advisory votes in respect to executive compensation will neither be binding on the Company or Board of Directors, nor will they create or imply any change in the fiduciary duties of or impose any additional fiduciary duties on, the Company or the Board of Directors. However, the Board of Director values the opinions expressed by the stockholders in these advisory votes and will consider the outcome of these votes in determining its compensation policies.

Where do I find the voting results of the Meeting?

We plan to announce preliminary voting results at the Meeting. We will also file a Current Report on Form 8-K with the Securities and Exchange Commission within four business days of the Meeting disclosing the final voting results.

Who is paying for this proxy's solicitation process?

The enclosed proxy is solicited by the Board on behalf of the Company, and the Company is paying for the entire cost of the proxy solicitation process. Copies of the proxy material will be given to banks, brokerage houses and other institutions that hold shares that are beneficially owned by others. Upon request, we will reimburse these banks, brokerage houses and other institutions for their reasonable out-of-pocket expenses in forwarding these proxy materials to the stockholders who are the beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile or personal solicitation by our directors, officers, or other employees.

Who can help answer my questions?

If you received the Notice by mail and would prefer to receive a printed copy of the Company's proxy materials, please follow the instructions for requesting printed copies included in the Notice.

ACTION TO BE TAKEN UNDER PROXY

In the case of the Company receiving a signed proxy ("Proxy") from a registered stockholder containing voting instructions "FOR" the election of each of the nominated directors, "FOR" the amendment increasing the share capital, "FOR" the non-binding resolution supporting the compensation of our management, and "FOR" one year as the frequency of future non-binding advisory votes relating to future named executive officer compensation, the person named in the Proxy (Lim Wee Kiat) (the "Proxy Representative"), will vote:

- (1) FOR the election of each of the persons named herein as nominees for directors of the Company;
 - (2) FOR the amendment to the Articles of Incorporation increasing the number of shares of common stock which the Company is authorized to issue to two hundred million (200,000,000) shares;
 - (3) FOR the non-binding advisory resolution supporting the compensation of our named executive officers; and
 - (4) FOR "one year" as the frequency of future non-binding advisory votes relating to future named executive officer compensation; and
-

- (5) According to his judgment on the transaction of such matters or other business as may properly come up for vote at the Meeting or any adjournments or postponements thereof.

Please note that you do not have to vote FOR all the directors; you can vote for each director separately and independent of your vote for the other directors.

If the giver of the Proxy provides voting instructions to cast a vote AGAINST any or all of the nominated directors or any of the proposals, the Proxy Representative will vote such shares accordingly. If you ABSTAIN from voting on a proposal, your abstention will not count as a vote FOR or AGAINST the proposal. Also, in the case where no specific voting instructions are given to the Proxy Representative, the Proxy Representative will use his judgment to vote on any other items properly submitted for a vote at the Meeting.

VOTING SECURITIES

The number of shares of Common Stock issued and outstanding as of the Record Date for the Meeting was an aggregate of 54,087,903 shares issued and outstanding. Accordingly, a quorum will be present for the Meeting if an aggregate of at least 27,043,952 shares are present in person or by proxy at the Meeting.

A majority of the outstanding shares present in person or represented by proxy will constitute a “quorum” at the Meeting. The five nominees for director who receive the most votes will be elected. This is called a “plurality. If you do not vote for a particular nominee, your vote will not count either for or against such nominee. Nevada law provides that directors be elected by the plurality of votes cast at a meeting of stockholders except as otherwise provided in the Company’s Articles of Incorporation or By-Laws. The vote required for the approval to amend the Company’s Articles of Incorporation require approval by an affirmative majority of the votes cast. The vote required for approval of the two non-binding “say on pay” proposals is an affirmative majority of the votes cast.

Abstentions from voting and broker non-votes will operate as neither a vote “FOR” nor a vote “AGAINST” a nominee for director. Votes on all matters will be counted by a duly appointed inspector of election, whose responsibilities are to ascertain the number of shares outstanding and the voting power of each, determine the number of shares represented at the Meeting and the validity of proxies and ballots, count all votes and report the results to the Company.

Family Relationships

Except for the father and son relationship between Dato Lim Hui Boon, our President, and Lim Wee Kiat, our Chairman of the Board of Directors and Secretary, there are no family relationships among our directors or executive officers.

Involvement in Legal Proceedings

Other than the indictment naming Mr. Anzalone, there are no orders, judgments, or decrees of any governmental agency or administrator, or of any court of competent jurisdiction, revoking or suspending for cause any license, permit or other authority to engage in the securities business or in the sale of a particular security or temporarily or permanently restraining any of our officers or directors from engaging in or continuing any conduct, practice or employment in connection with the purchase or sale of securities, or convicting such person of any felony or misdemeanor involving a security, or any aspect of the securities business or of theft or of any felony. Nor are any of the officers or directors of any corporation or entity affiliated with us so enjoined.

Board Committees

Our Board of Directors does not currently have a compensation committee or nominating and corporate governance committee because, due to the Board of Director's composition and our relatively limited operations, the Board of Directors is able to effectively manage the issues normally considered by such committees. Our Board of Directors may undertake a review of the need for these committees in the future.

Audit Committee and Financial Expert

We do not have an audit committee financial expert because we believe the cost related to retaining a financial expert at this time is prohibitive. We have no separate audit committee at this time. The entire Board of Directors oversees our audits and auditing procedures. Neither of our directors is an "audit committee financial expert" within the meaning of Item 407(d)(5) of SEC regulation S-K.

Compensation Committee

We have no separate compensation committee at this time. The entire Board of Directors oversees the functions which would be performed by a compensation committee.

Code of Ethics

We do not have a Code of Ethics.

Section 16(A) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who beneficially own more than 10% percent of our equity securities ("Reporting Persons") to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely on our review of copies of such reports and representations from the Reporting Persons, we believe that during the fiscal year ended December 31, 2016, all reporting persons complied with all applicable Section 16(a) filing requirements except that Lim Wee Kiat filed a late Form 3; Leong Yee Ming filed a late Form 3; Kay Wong-Alafriz did not file a Form 3; Richard Anzalone did not file a Form 3; Lim Wai Khong did not file a Form 3; Lim Chun Yen filed a late Form 3 and did not file a Form 4 and Lim Chun Hoo filed a late Form 3 and did not file a Form 4.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE FIVE DIRECTOR NOMINEES.

INFORMATION CONCERNING THE BOARD OF DIRECTORS

During the fiscal year ended December 31, 2017, the Board acted by written consent on nine occasions. Each of the Company's incumbent directors participated in all of such consents.

Policy Regarding Attendance at Annual Meetings of Stockholders

Our Board of Directors has not adopted a policy that each director is expected to attend annual meetings of its stockholders. We have never held an annual meeting of stockholders.

Director Independence

We are not currently subject to listing requirements of any national securities exchange or inter-dealer quotation system which has requirements that a majority of the board of directors be "independent" and, as a result, we are not at this time required to have our Board of Directors comprised of a majority of "independent directors." However, we believe that Kay Wong-Alafriz is an "independent" director as that term is defined in the listing standards of the NASDAQ stock market and in SEC rules.

Leadership Structure and Risk Oversight

Currently, the position of Chief Executive Officer and Chairman of the Board are held by two different individuals. Two of our directors are members of our Operations Committee, which oversees our general day to day operations and reports to our Board of Directors. Dato Lim Hui Boon, our President who is not a member of our Board, serves as Chairman of the Operations Committee. Our senior management manages the risks facing the Company under the oversight and supervision of the Board, including general business risks such as economic and regulatory risks. Management is responsible for day-to-day oversight of the risk management processes.

The President has close to twenty years of experience in senior executive general management positions where risk evaluation is required and continuous. The CEO has twenty years of experience in this industry that requires constant risk evaluation.

Each member of our management team evaluates the risks of daily decisions, consults with others who may have more experience in a particular area and acts accordingly.

Risk management is an integral part of board deliberations and decisions. The industry specific experience of some members is balanced by the general business experience of others and the accounting expertise of still others. Consequently, deliberations incorporate different and, sometimes, divergent perspectives that enhance the awareness of particular risks. The board makes policies and decisions to minimize those risks. There is no effect on the board's leadership structure.

Stockholder Communications with Directors

The Company has no established procedures for stockholders to communicate directly with the Board of Directors. Due to the Company's small size, stockholders can contact the Board of Directors by mail at Vitaxel Group Limited, Wisma Ho Wah Genting, No. 35, Jalan Maharajalela, 50150, Kuala Lumpur, Malaysia, Attention: Board of Directors. All communications made by this means will be received by the Chairman of the Board.

Director Compensation

Neither we, Vitaxel or Vionmall have compensated our directors, in their capacities as such, since our respective formations.

Compensation Risk Management

We have not considered the risks associated with our compensation policies and practices for all employees, but management believes we have designed our compensation policies and practices in a manner that does not create incentives that could lead to excessive risk taking that would have a material adverse effect on us.

The Role of Stockholder Say-on-Pay Votes

The Company is providing its stockholders with the opportunity to cast an advisory vote on executive compensation (a "say-on-pay proposal"). The Board of Directors will consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers.

PROPOSAL 2 - AMENDMENT TO ARTICLES OF INCORPORATION TO INCREASE AUTHORIZED SHARES OF COMMON STOCK

The principal purpose of the proposed amendment to the Articles of Incorporation is to authorize additional shares of common stock. We are currently obligated to issue 75,000,000 shares of common stock to the two sellers of Grande Legacy Ltd., Lim Hui Sing and Leong Yee Ming, as described below under the section "Grande Legacy Acquisition". If the stockholders agree to this proposal to amend the Articles of Incorporation, we will then be able to issue 37,500,000 shares to each of the two former shareholders of Grande Legacy. Leong Yee Ming, is the Chief Executive Officer and a director of our Company, and Lim Hui Sing is the brother of our President, Dato Lim Hui Boon.

Other than said issuance, the Company currently has no plans to issue any shares of common stock. If the amendment is adopted, we will have shares available in the event our Board determines that it is necessary and appropriate to raise additional capital through the sale of equity securities, to acquire another company or its assets, to establish strategic relationships with corporate partners and/or similar transactions or for other corporate purposes. The availability of additional shares of common stock is particularly important in the event that our Board needs to undertake any of the foregoing actions on an expedited basis and thus to avoid the time and expense of seeking shareholder approval in connection with a contemplated issuance of common stock.

The increase in authorized common stock will not have any immediate effect on the rights of existing shareholders. However, the Board will have the authority to issue authorized common stock without requiring future shareholder approval of such issuances, except as may be required by applicable law. To the extent that additional authorized shares are issued in the future, they may decrease the existing shareholders' percentage equity ownership and, depending on the price at which they are issued, could be dilutive to the existing shareholders. The holders of common stock have no preemptive rights and the Board has no plans to grant such rights with respect to any such shares.

The text of the proposed Certificate of Amendment to our Articles of Incorporation which contains the increase in the authorized common stock is attached hereto as Appendix A.

Under our current Articles of Incorporation, as amended, we have the authority to issue 70,000,000 shares of common stock. As of the Record Date, 54,087,903 shares of common stock were issued and outstanding.

After taking into consideration our current outstanding equity obligations, in order to have sufficient shares to provide a more favorable capital structure for such purposes as equity financing, stock-based acquisitions and strategic partnerships which may require that additional shares be available for issuance, our Board has determined that it is in the best interest of our shareholders to increase the number of authorized shares of our common stock from 70,000,000 to 200,000,000. The additional common stock to be authorized will become part of the existing class of common stock and will have the same par value, the same voting rights, the same rights to dividends and distributions and will be identical in all other respects to the shares of our common stock now authorized. The Certificate of Amendment will not affect the terms of the outstanding common stock or the rights of the holders of the common stock. However, increasing the number of authorized shares of common stock may result in potential disadvantages incidental to issuing such additional stock and thereby increasing the number of outstanding shares of common stock, such as dilution of the earnings per share, which could have a depressive effect upon the market value of our common stock and an adverse effect on the voting rights of current holders of our common stock as their percentage ownership in our company would be reduced.

The Board believes that the potential benefit of increasing the number of the Company's authorized shares of common stock outweighs the potential disadvantages associated with the increase in the authorized shares of common stock. The Board believes that such increase would provide greater flexibility to pursue corporate transactions and relationships which have the potential to facilitate the Company's growth and development and its ability to compete successfully. If we fail to facilitate growth and development, we may not be able to generate revenues or achieve profitability, and our stockholders may lose their entire investment in us. Other than a proposed acquisition of a British Virgin Islands company which will require us to issue more shares than we are currently authorized to issue, the Board does not currently have any plans for additional financings or acquisitions. If the Board of Directors approves the proposed acquisition, the Company will file a Current Report on Form 8-K disclosing the terms of the proposed acquisition.

Effects of Issuing Additional Common Stock

Our shareholders do not have any preemptive right to subscribe to any additional issue of stock of the Company. Future issuances of common stock or securities convertible into common stock would have a dilutive effect on our earnings per share, book value per share and the voting power and interest of current stockholders. In addition, the future prospect of sales of significant amounts of shares held by our shareholders could affect the market price of our common stock if the marketplace does not adjust to the increase in shares in the market in an orderly manner and the value of our shareholders' investment in our company may decrease. A significant ownership stake held by one party may discourage a potential acquirer from attempting to obtain control of us, which in turn could reduce our stock price or prevent our shareholders from realizing a premium over our stock price.

Acquisition of Grande Legacy

We entered into a Share Sale Agreement (the "Agreement") effective December 15, 2017 with Lim Hui Sing and Leong Yee Ming (together, the "Sellers") and Vitaxel Sdn. Bhd., a wholly-owned subsidiary of the Company (the "Purchaser"), as described in the Current Report on Form 8-K filed with the Securities and Exchange Commission on December 19, 2017. Pursuant to the terms of the Agreement, we are to purchase all the shares of Grande Legacy Inc., a British Virgin Islands company ("Grande Legacy") from the Sellers. Leong Yee Ming, is the Chief Executive Officer and a director of our Company, and Lim Hui Sing is the brother of our President, Dato Lim Hui Boon, are the sole shareholders of Grande Legacy. On January 3, 2018 the parties to the Agreement executed and delivered an amendment (the "Amendment") to the Agreement which provided that the acquisition of Grande Legacy shall close upon the completion of the financial statements of Grande Legacy being audited. The Amendment also provides that the 75,000,000 shares to be issued to the Sellers will be issued within 30 days of the shareholders [of the Company] authorizing the amendment [to the Articles of Incorporation of the Company increasing the amount of shares that we are authorized to issue]. Since the audited financial statements of Grande Legacy were delivered on January 21, 2018, the acquisition of Grande Legacy was consummated on said date.

As described in the Current Report on Form 8-K filed with the Securities and Exchange Commission on January 22, 2018, pursuant to the terms of the Agreement, the Sellers sold to the Purchaser all their shares in Grande Legacy so that the Company become the indirect owner of all of the issued and outstanding shares of the capital stock of Grande Legacy. In consideration for such sale, we are now contractually obligated to issue to each of the Sellers 37,500,000 shares of our common stock.

When the consideration shares are issued to the Sellers, said shares will represent approximately 58.1% of the issued and outstanding share capital of the Registrant. These shares will be issued in a private placement pursuant to Section 4(2) of the Securities Act of 1933, as amended, if the shareholders adopt this proposed amendment to the Articles of Incorporation.

Description of Grande Legacy

Grande Legacy was incorporated in the British Virgin Island on March 11, 2008 under the name Self Inc. It was originally in the business of providing consultancy services. Self Inc. changed its name to its current one on November 14, 2014. Since executing the license agreement with the Company described below, the company has been in the e-commerce multi-level marketing business.

Leong Yee Ming, the current principal executive officer and a director of the Company, is one of the two shareholders of Grande Legacy. The other 50% shareholder of Grande Legacy, Lim Hui Sing, is also a director of the Company and the brother of the president of the Company.

Grande Legacy originally was established to provide consultancy services to companies that desired to expand its business overseas by assisting in establishing offices, hiring employees, drafting business plan and conducting business in overseas markets for their clients. Grand Legacy was also prepared to recommend to its clients the necessary professional parties such as attorneys and accountants to assist in this area. In conducting the business, Grande Legacy provided a comprehensive recommendation to its clients on various methods to enter into new territories. Typically, these recommendations and preparation would take from six to nine months.

On January 5, 2017, Grande Legacy executed a License Agreement with the Company pursuant to which we granted Grande Legacy an exclusive license in the British Virgin Islands to operate a direct selling, multi-level marketing company offering travel, entertainment, lifestyle and other products and services. In exchange for the license to use the website, including our online shopping platform, Grande Legacy can utilize its own marketing strategies to promote the business in the British Virgin Islands.

After January 5, 2022, Grande Legacy is obligated to pay us, every three months, 55% of the gross revenue it receives minus operating expenses.

With the agreement Grande Legacy is now responsible to promote the business to new markets such as United State of America, South Korea, Japan and any other country which the Company approves.

The business office of Grand Legacy is situated in Kuala Lumpur, Malaysia. The company recruits and trains team leaders to sell products offered on its website. Team members are recruited based on their experience and previous achievement. These team leaders can be situated in any countries and each country may have a few team leaders. This is to ensure that Grande Legacy does not rely on small amount of team leaders to generate revenue for the Company. Grande Legacy does not pay salaries to the team leaders, as their compensation is based solely on commission and any bonuses management of Grande Legacy awards in its discretion as a result of the revenue generated.

Grande Legacy acquires the travel and entertainment packages which it offers through third parties. Since the cost of promoting these packages is incurred only when a member books a package, Grande Legacy does not incur any costs in promoting these packages.

Leong Yee Ming, the current principal executive officer and a director of the Company, is one of the two shareholders of Grande Legacy. The other 50% shareholder of Grande Legacy, Lim Hui Sing, is also a director of the Company and the brother of the president of the Company. In addition to the license arrangement between the Company and Grande Legacy described above, Grande Legacy uses the credit card portal of Vitaxel Snd Bhd., a subsidiary of the Registrant. In addition, Dato Lim Hui Boon, a related party to a director of Grande Legacy (Lim Hui Sing) is also the President of the Company and Ho Wah Genting Group Ltd. As of September 30, 2017 and December 31, 2016, the amount due to the Dato Lim Hui Boon was \$6,708 and \$6,644, respectively. Currently there are no amounts due. Grande Legacy has also made advance payments to Ho Wah Genting Sdn Berhad for marketing and campaign purposes. The amounts are unsecured, interest-free and repayable on demand.

The consideration being paid by the Company for the acquisition of all the issued and outstanding stock of Grande Legacy (75,000,000 shares of common stock) was determined by comparing the price/earnings ratio with respect to other multi-level marketing companies listed in Malaysia and in the United States.

For all the terms and conditions of the Amendment and the License Agreement, reference is hereby made to such agreements annexed hereto as Exhibits 10.13 and 10.14, to the Current Report on Form 8-K filed with the Securities and Exchange Commission on January 22, 2018. All statements made herein concerning the foregoing agreements are qualified by reference thereto.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Grande Legacy Inc:

We have audited the accompanying balance sheets of Grande Legacy Inc. ("the Company") as of December 31, 2016 and 2015, and the related statements of operations and comprehensive loss, stockholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Grande Legacy Inc as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended, in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company's significant operating losses raise substantial doubt about its ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

GRANDE LEGACY INC
NOTES TO FINANCIAL STATEMENTS
(In U.S. dollars)

1. ORGANIZATION AND BUSINESS

Grande Legacy Inc. (“GL”), was incorporated in British Virgin Islands on March 11, 2008. The Company provide consultancy services to companies that desired to expand its business overseas by assisting in establishing offices, hiring employees, drafting business plan and conducting business in overseas markets for their clients. The Company is also engaged in the direct selling industry utilizing the online E-Commerce business model with an emphasis on travel, entertainment and lifestyle products and services.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

The accompanying financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) for interim financial information Article 8 of Regulation S-X.

This basis of accounting involves the application of accrual accounting and consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred. The Company’s financial statements are expressed in U.S. dollars.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents comprise cash and bank balances, term deposits and other short-term, highly liquid investments that are readily convertible into cash with insignificant risk of changes in value, against which bank overdraft, if any, are deducted.

Fair value of financial instruments

FASB ASC 820, “Fair Value Measurement,” specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Company has the ability to access.

Level 2 Inputs – Inputs other than the quoted prices in active markets that are observable either directly or indirectly.

Level 3 Inputs – Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. As of December 31, 2016 and 2015, none of the Company’s assets and liabilities were required to be reported at fair value on a recurring basis. Carrying values of non-derivative financial instruments, including cash, accounts receivables, payables and accrued liabilities, approximate their fair values due to the short term nature of these financial instruments. There were no changes in methods or assumptions during the periods presented.

Revenue recognition

Product sales – The Company generally recognizes revenue upon delivery and when both the title and risk and rewards pass to the independent members or purchasers of the products. Product sales are recognized net of product returns, discounts and taxes. A reserve for product returns is accrued based on historical experience. No product sales was recorded for the year ended December 31, 2016 and 2015.

Membership fee – The Company recognizes the membership fee revenue over the term of the membership, which is 12 months. The revenue will not be recognized until the 10 days cooling-off period is expired. No membership fee sales was recorded for the year ended December 31, 2016 and 2015.

Loyalty program

The Company allocates consideration received from the sale of goods to the goods sold and the redemption points issued that are expected to be redeemed.

The consideration allocated to the redemptions points issued is measured at fair value of the redemption points. It is recognized as a liability (deferred revenue) in the statement of financial position and recognized as revenue when the points are redeemed, have expired or are no longer expected to be redeemed. The amount of revenue recognized is based on the number of points that have been redeemed, relative to the number expected to redeem.

As of December 31, 2016 and 2015, there was no such deferred revenue recorded.

Income taxes

Current income taxes are provided for in accordance with the laws of the relevant tax authorities. Deferred income taxes are recognized when temporary differences exist between the tax bases of assets and liabilities and their reported amounts in the combined financial statements. Net operating loss carry forwards and credits are applied using enacted statutory tax rates applicable to future years. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more-likely-than-not that a portion of or all of the deferred tax assets will not be realized. The components of the deferred tax assets and liabilities are individually classified as current and non-current based on their characteristics.

The impact of an uncertain income tax position on the income tax return is recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant tax authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. Interest and penalties on income taxes are classified as a component of the provisions for income taxes. The Company did not recognize any income tax as of December 31, 2016, and 2015 due to company being a BVI (British Virgin Islands) entity, is subject to zero-rated income tax regime.

Comprehensive loss

ASC 220 “Comprehensive Income”, establishes standards for the reporting and display of comprehensive income and its components in the financial statements. As of December 31, 2016 and December 31, 2015, the Company does not have items that represented components of comprehensive income.

Loss per share

The loss per share is computed using the weighted average number of shares outstanding during the fiscal years. For the years ended December 31, 2016 and 2015, there is no dilutive effect due to net loss for the periods.

Recently issued accounting pronouncements*Revenue from Contracts with Customers*

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*. Under the update, revenue will be recognized based on a five-step model. The core principle of the model is that revenue will be recognized when the transfer of promised goods or services to customers is made in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In 2015, the FASB deferred the effective date of the standard to annual and interim periods beginning after December 15, 2017. Early adoption will be permitted for annual and interim periods beginning after December 15, 2016. The Company is currently evaluating the impact that adopting this ASU will have on its financial position, results of operations and cash flows.

3. GOING CONCERN

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The Company has incurred losses since its inception resulting in an accumulated deficit of \$2,576 as of December 31, 2016. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or obtaining the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they become due.

The Company expects to finance operations primarily through cash flow from revenue and capital contributions from principal shareholders. In the event that we require additional funding to finance the growth of the Company's current and expected future operations as well as to achieve our strategic objectives, our principal shareholders have indicated the intent and ability to provide additional equity financing.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. The Company's continuation as a going concern is dependent on our ability to meet obligations as they become due and to obtain additional equity or alternative financing required to fund operations until sufficient sources of recurring revenues can be generated. There can be no assurance that the Company will be successful in its plans described above or in attracting equity or alternative financing on acceptable terms, or if at all. The financial statements do not include any adjustments that might result from the outcome of this- uncertainty.

4. AMOUNT DUE TO RELATED PARTY

	As of December 31, 2016	As of December 31, 2015
Amounts due to a related party		
Dato Lim Hui Boon (1)	\$ 6,644	\$ 6,648

(1) Dato Lim Hui Boon, a related party to a director of the company, Lim Hui Sing. These amounts, for working capital purposes, were unsecured, interest-free and repayable on demand.

5. COMMITMENTS AND CONTIGENCIES

There was no contract or lease arrangement signed by the company that give rise to any present or future obligations as at December 31, 2016.

6. SUBSEQUENT EVENTS

In accordance with FASB ASC 855-10 Subsequent Events, the Company has analysed its operations subsequent event to December 31, 2016 to the date these financial statements were issued, and has determined that the following material subsequent events were necessary to disclose in these financial statements.

On January 5, 2017, the Company executed a license agreement with Vitaxel Group Limited (“Vitaxel”), a related company listed on OTC Market. The agreement grants the Company exclusive use of Vitaxel Marks to operate a Vitaxel Business in countries other than Malaysia, Singapore and Thailand. Subsequent to year end, the Company has promotes Vitaxel’s direct sales business in new markets: in United States, Vietnam, Korea and Japan, which has led to significant income generation.

On December 15, 2017, Vitaxel Group Limited (“Vitaxel”), a related company listed on OTC Market, entered into a Share Sale Agreement with Lim Hui Sing and Leong Yee Ming (together, the “Sellers”) and Vitaxel Sdn. Bhd., a wholly-owned subsidiary of the Vitaxel (“Purchaser”). Pursuant to the terms of the Agreement, at the closing for the transaction, the Sellers will sell to the Purchaser all their shares in the Company, so that the Vitaxel shall become the indirect owner of all of the issued and outstanding shares of the capital stock of the Company.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE AMENDMENT TO INCREASE THE AUTHORIZED SHARE CAPITAL OF COMMON STOCK.

The Board has approved the amendment to our Articles of Incorporation for the purpose of increasing the authorized capital from 70,000,000 shares of common stock, par value \$0.0001 per share to 200,000,000 shares of common stock, par value \$0.0001 per share and authorized and recommends that shareholders of the Company vote FOR approval of the increase in the number of authorized shares of common stock.

IN THE EVENT THAT THIS PROPOSAL NO. 2 IS APPROVED, THE BOARD WILL FILE AN AMENDMENT TO THE COMPANY'S ARTICLES OF INCORPORATION SUBSTANTIALLY IN THE FORM ATTACHED TO THIS PROXY.

PROPOSAL 3 - APPROVAL OF ADVISORY RESOLUTION SUPPORTING THE COMPENSATION OF OUR EXECUTIVE OFFICERS

General

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), and Section 14A of the Securities Exchange Act of 1934, as amended, our stockholders are being asked to vote, on an advisory basis, to approve the compensation of its management team as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives the Company's stockholders the opportunity to express their views on the compensation of the Company's Named Executive Officer and the rest of the management team. For purposes of this Proxy Statement, Leong Yee Ming is the sole "Named Executive Officer".

Compensation Program and Philosophy

Our executive compensation program is designed to attract, reward and retain key employees, including our Named Executive Officer, who are critical to the Company's long-term success. Stockholders are urged to read the "Executive Compensation" section of this Proxy Statement for greater detail about the Company's executive compensation programs, including information about the fiscal year 2016 compensation of the Named Executive Officer and the other officers of the Company.

The stockholders are asked to indicate their support for the compensation of the Company's Named Executive Officer and the management team as described in this Proxy Statement by voting in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of the Named Executive Officer of Vitaxel Group Limited, as disclosed in the "Executive Compensation", the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2017 Annual Meeting of Stockholders.

Even though this say-on-pay vote is advisory and therefore will not be binding on the Company, the Company values the opinions of its stockholders. Accordingly, to the extent there is a significant vote against the compensation of the Named Executive Officer and management, the Board of Directors will consider stockholder concerns and will evaluate what actions, if any, may be necessary or appropriate to address those concerns. You may vote "for," "against," or "abstain" from the proposal to approve on an advisory basis the compensation of our Named Executive Officer and the other current officers of the Company.

THE BOARD OF DIRECTORS RECOMMEND A VOTE SUPPORTING THE COMPENSATION OF THE NAMED EXECUTIVE OFFICER AND THE OTHER OFFICERS.

PROPOSAL 4 - APPROVAL OF ADVISORY RESOLUTION SUPPORTING THE COMPENSATION OF MANAGEMENT

General

Pursuant to the Dodd-Frank Act and Section 14A of the Securities Exchange Act of 1934, as amended, we are also asking our stockholders to provide their input with regard to the frequency of future advisory “say on pay” votes on the compensation of future named executive officers, such as the proposal contained in Proposal 4 above. In particular, we seek your input on whether the advisory vote on executive compensation should occur once every year, every two years or every three years.

After considering this agenda item, the Board of Directors has determined that an advisory vote on executive compensation every year is the appropriate interval for conducting and responding to a “say on pay” vote. By providing an advisory vote on executive compensation every year, stockholders will be able to provide the Company with direct input on its compensation philosophy, policies and practices after having enough time to view its impact on the Company’s business.

Vote Required

Pursuant to this non-binding advisory vote on the frequency of future non-binding advisory votes on named executive officer compensation, stockholders will be able to specify one of four choices for this proposal on the proxy card or voting instruction: one year, two years, three years or abstain.

Even though your vote is advisory and therefore will not be binding on the Company, the Board of Directors values the opinions of our stockholders and will consider the stockholder vote on the frequency of the vote on the future compensation of our future named executive officers. Nevertheless, the Board of Directors may decide to hold a non-binding advisory vote on future compensation of future named executive officers more or less frequently than the option voted by the stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ONE YEAR AS THE PREFERRED FREQUENCY FOR THE APPROVAL OF THE NON-BINDING ADVISORY RESOLUTION OF THE FUTURE COMPENSATION OF THE COMPANY’S FUTURE NAMED EXECUTIVE OFFICERS .
